

BY MR. PALZER:

Q His wife there during all that time?

A His wife was there, but I think she went home earlier than he did. I really don't remember about that.

On the beach that night I am almost positive I saw Mr. Mellinger and Mr. McGonigel. I won't say for certain.

I know I saw Mr. Johnson, because I remember speaking to him that night.

Q How about Mr. Price?

A I don't remember anything about Mr. Price but Mr. Price says that he is positive he talked to me that night on the beach and he looked at his watch and told the exact time and he has very good reason to remember it on account of something that he had to do or some business or something or other that he had to do the very next day, but I do not remember Mr. Price.

Q How about Mr. John B. Piard; did you see him?

A I don't remember seeing Mr. Piard, although he says he saw me that night and also the next morning; and he has very good reasons for doing it, because the time and date is fixed in his mind because he had to go to the hospital the next day and he was suffering so that he couldn't go to bed or sleep
